Dear Pastor / Ministry Leader,

Your local community is our passion! Ethos Ministries Inc. dba Ethos Project is a Bible centered, Christian ministry, based in El Dorado County, Ca and would love the opportunity to meet you and encourage your congregation in the area of local outreach to your community. Tim & Shauna Morgan have ministered together for over 10 years in both California and Texas. The benefit of our ministry to your team is that we hope to inspire people in practical ways in expressing their faith locally, often the result is multi-faceted.

1. Believers begin to exercise their faith in a way that has often been reserved for those who go on short terms mission trips.
2. People in the community accept Christ based on what they hear and see from other Christians.
3. Church attendance begins to grow from people accepting Christ and those from the local community wanting to be involved in "Cause based" ministry.

The goal of every church (in one way or another) is to fulfill the "Great Commission"... "Go" and make "Disciples" teaching them to "Do what I have taught you to do", Jesus. At our most basic level Ethos Ministries is a local missions team willing to help! If you have any outreach activities planned to your community, please contact us directly for assistance. If you are in need of a guest speaker and would like to meet for a brief interview, this would be our privilege. Our mission is to "Inspire people and churches to find creative ways to give" and as a faith based organization we hope this type of "Missional" living is a growing part of you and your church in leading people to Christ.
